Spring is in the air!!!!

With the warmer weather creeping in, so are those nasty pests! Warmer weather produces an abundance of ants, spiders and yellow jackets to name a few. Make sure you are ready to fight the heat and those pests. We will start our broadcast application as the weather becomes nicer. So enclosed are a few easy but helpful tips to get started:

- ★ Make sure to pick up all pet dishes daily
- ★ Make sure all garbage is put into designated containers
- ★ Avoid placing garbage cans, recycle bins & debris against the home
- ★ Thoroughly wipe up any spills and crumbs
- ★ Keep weeds in the yard trimmed back
- ★ Do not stack firewood against the home

Tree Spraying

- Oak: (Mar.-Apr.): Aerial spray for oak worms to prevent leaf damage.
- Sycamore/Ash: (Mar.-Apr.): Fungal disease that can cause brown lesions on leaves and twig cankers.
- Pine/Elm: (Apr.-May): Repel beetles from boring into tree trunks contributing to the decline and eventual death of trees.

Sleep tight...don't let the BED BUGS

With the bed bug infestations on the rise in the Bay Area here are some helpful tips to avoid an infestation:

Bed bugs are successful hitchhikers. They make their way from an infested location to furniture, clothing, bedding, baggage and boxes.

- Check secondhand furniture, couches, beds, and clothing before bringing them home.
- Use encasements for mattresses and box springs, making sure they are tear resistant and to check regularly for holes.
- Reduce clutter in your home to reduce hiding areas.
- When traveling:
 - Hotels-use luggage racks, rather than setting on bed or floor.
 - Check the mattress and bedding.
 - Returning home-unpack directly into washing machine and inspect luggage thoroughly.

For those who are interested, you can now pay for your pest control service, 1 year in advance. This payment will also include the \$3 discount given to each prepaid service.

We will be accepting Visa and MasterCard for payments made IN FULL for 1 year service.
