**Summer** time is here and it is time for fun in the sun! The sun is out and so are we, but we are not the only ones...so are the BUGS!

Here are some helpful tips to get you and your family through the summer:

- ★ Make sure to pick up all pet dishes daily
- ★ Make sure all garbage is put into designated containers
- ★ Avoid placing garbage cans, recycle bins & debris against the home
- ★ Thoroughly wipe up any spills and crumbs
- ★ Keep weeds in the yard trimmed back
- ★ Do not stack firewood against the home
- ★ Use yellow bug lights for your porch light to reduce insects and spiders

### Did you know.....

By using a yellow bug light, you can reduce the number of insects around your home. The light emits a soft yellow light to reduce the attraction of insects. These lights are available at your local hardware store. If you want to enjoy those cool summer nights, pick one up!

**Sleep tight....don't let the BED BUGS bite!!!**

With the bed bug infestations on the rise in the Bay Area here are some helpful tips to avoid an infestation:

Bed bugs are successful hitchhikers. They make their way from an infested location to furniture, clothing, bedding, baggage and boxes.

- Check secondhand furniture, couches, beds, and clothing before bringing them home.
- Use encasements for mattresses and box springs, making sure they are tear resistant and to check regularly for holes.
- Reduce clutter in your home to reduce hiding areas.
- When traveling:
  - Hotels-use luggage racks, rather than setting on bed or floor.
  - Check the mattress and bedding.
  - Returning home-unpack directly into washing machine and inspect luggage thoroughly.

**Have a Fun & Safe Summer!!!!**

For those who are interested, you can now pay for your pest control service, 1 year in advance. This payment will also include the \$3 discount given to each prepaid service. We will be accepting Visa and MasterCard for payments made IN FULL for 1 year service.
